

\* Canada Skateboard's rankings use each skater's top 2 results in the past 12 months. \*\*

\* Points from top three events are averaged to create their points (max 1000)

\* Each event is assigned a point value and points are awarded based on the value of the event.

\* Points are awarded using the skater's result from the highest round of the event.

\*\* Events from 2020 will be valid for ranking due to lack of domestic events in Canada
